

ASMS 2018
Users Meeting
June 3, 2018

Manchester Grand Hyatt San Diego | 2nd Floor, 1 Market Place, San Diego, CA

**Pharma & Biopharma Discovery & Development
Users Meeting Agenda** Harbor ABC

- 7:30 AM** **Breakfast and Registration**
- 8:30 AM** **Introduction and Welcome**
Susan Darling, Director, Product & Market Management, SCIEX
- 8:35 AM** **The Single Software Multi-Attribute Methodology (MAM) Workflow Using High Resolution Mass Spec for Higher Throughput Biologics Characterization**
Sean McCarthy, Ph.D., Global Technical Marketing Manager, SCIEX
- 9:00 AM** **Host Cell Protein Analysis by Mass Spectrometry**
Michael Nold, Ph.D., Director, Mass Spectrometry Core Facility, KBI Biopharma, Inc.
- 9:30 AM** **Differential Mobility Spectrometry: A New Dimension in Selectivity and Sensitivity, Coupling SelexION® Technology with the 6500+ System**
Mingluan Chen, Ph.D., Senior Scientist, Altasciences Clinical Research
- 10:00 AM** **The OptiFlow™ Quant Microflow Solution for Increased Sensitivity in LC-MS Quantitation**
Remco van Soest, Technical Product Manager, SCIEX
- 10:20 AM** **Break**
- 10:40 AM** **Acoustic-OPP-MS: The Next Generation Bioanalytical Platform for Drug Discovery with Ultra-High Throughput**
Hui Zhang, Ph.D., Associate Research Fellow, Pfizer
- 11:10 AM** **Open Port Sampling Applications in Drug Discovery**
John Janiszewski, Ph.D., Biotechnology and Applications Development, Sound Analytics
- 11:40 AM** **Highly Sensitive Peptide and Intact Protein Quantitation by CESI-MS**
Stephen Lock, Ph.D., Market Development Manager, SCIEX
- 12:00 PM** **Adjourn**

► **Click here to register. Seating is limited.**
