**Users
Meeting**
June 4, 2017

Marriott Indianapolis Downtown | 2nd Floor, 350 W. Maryland Street, Indianapolis

Pharma & Biopharma Research Users Meeting Agenda Ballroom 6

- 7:30 AM Breakfast and Registration**
- 8:30 AM Introduction and Welcome**
Farzana Azam, Ph.D., Senior Director, Pharma/CRO Business, SCIEX
- 8:45 AM The Simpler and Faster Solution for Routine Biopharmaceutical Characterization**
Sean McCarthy, Ph.D., Senior Marketing Manager, Biologics, SCIEX
- 9:15 AM Metabolite ID with the SCIEX Routine Biotransform Solution, a Small Footprint Benchtop Q-TOF Mass Spectrometer Featuring the New MetabolitePilot™ 2.0 Software**
Ian Moore, Ph.D., Global Technical Marketing Manager, Pharma Quant and MetID, SCIEX
- 9:45 AM High-Throughput Sample Analysis Using an Open Port Sampling Interface**
Gary J. Van Berkel, Ph.D., Distinguished Scientist, Mass Spectrometry and Laser Spectroscopy Group, Chemical Sciences Division, Oak Ridge National Laboratory
- 10:15 AM Break**
- 10:35 AM CESI-MS for Charge Heterogeneity Analysis of Protein Therapeutics**
Esme Candish, Ph.D., Field Application Scientist, SCIEX Separations
- 11:05 AM Application of BioBA Reagents in Immunoaffinity Coupled with Mass Spectrometry (IA-LC-MS/MS) for the Quantitation of Kadcyla® (Ado-Trastuzumab Emtansine) in Human Plasma**
Rathna J Veeramachaneni, Ph.D., Method Development Scientist, Celerion
- 11:35 AM Utilizing Current UHPLC Column Technologies for Solving Separation Challenges for Protein and Oligonucleotide Therapeutics**
Michael McGinley, Technical Department Manager, Phenomenex Inc.
- 12:00 PM Lunch at the Marriott Indianapolis Downtown, Ballroom 5, 2nd Floor**
- 1:00-4:00 PM Customer Appreciation Event at the Dallara Indycar Factory**

► **Click here to register. Seating is limited.**
