SCIEX Triple Quad™ 3500 LC-MS/MS System - Discounted bundle for a limited time only

The SCIEX Triple Quad 3500 System is now only $139,000*

In the SCIEX Triple Quad 3500 System, modern hardware, powerful software and robust engineering combine to achieve lower levels of detection and quantification than conventional GC and LC workflows. These advantages can be applied across a wider range of analytes. You’ll get expert level performance at an entry level price.

The discounted bundle includes:

- A Triple Quad 3500 System with Turbo V™ Ion Source (ESI and APCI probes)
- An ExionLC™ AC System with column oven
- An acquisition PC (included with the system)
- A Genius 1024 nitrogen/dry air generator
- Analyst® Software Starter Kit (Analyst 1.7 and SCIEX OS-MQ 1.5, also available)
- Training (on site at customer location for 2 operators)
- Two C-18 Phenomenex Columns

For more information, complete the form https://info.sciex.com/3500-triple-quad-bundle-special-offer to have a member of our sales team contact you with more information.
