

# Think LC-MS/MS for Routine Food Testing is Too Expensive? Time to take another look.

## Legendary SCIEX performance and dependability with the Triple Quad™ 3500 LC-MS/MS system

Implementing new LC-MS/MS technology does not need to be complex or expensive.

The Triple Quad™ 3500 System offers the speed and precision you want from a modern mass spec system, with the legendary performance and dependability you trust from SCIEX technology.

Affordable and rugged instrumentation. Perfect for any small food testing labs or municipalities performing routine daily production testing.

Why wait? LC-MS/MS can be more affordable and easier to implement in your lab than you thought.
