

CEQ/GeXP Training Course (PN 608202)

Language: German or English

Date: March 22-23 and September 13-14, 2017

Location: SCIEX training facility Darmstadt, Germany

SCIEX training facility Warrington, UK - only on demand

Day_1 1PM-5PM

Introduction to Application portfolio on a CEQ/GeXP instrument
Sequencing – Fragment Analysis - Gene Expressions Analysis
Presentation of Kit providers for diagnostic assays
Best instrument handling and system maintenance
Best handling of consumables

DNA Sequencing: from best reaction Set-up to best data analysis
Tips, Tricks and Troubleshooting aspects

Day_2 8.30AM-12.30PM

DNA Fragment Analysis: from best reaction Set-up to best data analysis
Generation of Locus Tag and Genotype Summaries
LOH and AFLP Analysis

Gene Expression Studies by capillary electrophoresis: introduction
and benefits compared to real time PCR
Tips, Tricks and Troubleshooting aspects

If there are any topics or questions which you would like us to cover please forward those to dnasupport@sciex.com

Lunch will be provided. Please let us know if you have a dietary requirement.
