

European Capillary Electrophoresis Users Meeting 2018

27th and 28th February 2018

The House, Shuttleworth, Bedfordshire, SG18 9EA
United Kingdom

We at SCIEX invite you to join the Second European Capillary Electrophoresis Users Meeting 2018 at the picturesque setting of The House, Shuttleworth (UK).

You will be able to network with colleagues from the Biologics Industry, learn about new developments and discuss solutions with experts in the field of CE.

Why You Should Join the Meeting:

- Learn from the experts about tips, tricks and troubleshooting for success with the PA 800 Plus System
- Gain hands-on experience with the latest Capillary Electrophoresis solutions for the Biologics Industry
- Understand how to be successful with Capillary Electrophoresis for Biologics Analysis
- Enjoy an evening dinner at The House, Shuttleworth and a tour of the historic Shuttleworth Collection

Who Should Attend:

- Staff Scientists, Lab Managers and Directors from the Biopharmaceutical Industry using PA 800 Plus or CESI 8000 Plus Systems for the Analysis of Biopharmaceuticals
- Scientists using or planning to use Capillary Electrophoresis in R&D, process development, process control, analytical development and quality control departments in the Biologics Industry

Registration Fees:

- Booked before 15th December 2017 £100.00 (plus VAT)
- Booked after 15th December 2017 £200.00 (plus VAT)
